Actualité des congrès

VENOUS 2021

Virtual 33rd Annual meeting

17-20 Mars 2021

Édition virtuelle

L'American Venous Forum se réunit chaque année pour un congrès essentiellement constitué de travaux originaux. Grâce à la qualité des travaux présentés, il influence fortement nos pratiques quotidiennes en France (guidelines, essais randomisés…). Ce congrès se déroule online cette année compte tenu de la pandémie de Covid-19. Profitez-en, c'est une occasion unique de participer à ce congrès américain (avec, en plus, un accès différé pendant 6 mois des présentations).
